Commissioner for Patents

Applicant's amendment and reply, dated 6/25/07, is non-responsive.

Per 37 CFR 1.111(b), in order to be entitled to reconsideration or further examination, the applicant or patent owner must reply to the Office action. The reply by the applicant or patent owner must be reduced to a writing which distinctly and specifically points out the supposed errors in the examiner's action and must reply to every ground of objection and rejection in the prior Office action.

Applicant has made no effort to remove the term "standard" or to justify that it does not render the claims indefinite.

Applicant has tried to remove the term "type" from the claims, but has re-entered the term as part of the amendment.

Applicant has not addressed the inconsistencies in the use of the term "facility".

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
